Seriously, what are you doing?
You know
When we're like this...
It feels like I have many sisters
What's wrong?
Umm...

If we were actual sisters...
Kaede will surely be a wonderful girl, since she would become like me

Then, we'd be five sisters, right?

Really?
Hanako would like Kaede as her sister

What did you say!?
And I'll have to stop that at all cost

He he
